SMOKE DETECTOR & CARBON MONOXIDE PERMIT NUMBER: _____
ALARM SELF-CERTIFICATION

I, the undersigned, hereby certify that I am the owner or authorized HOA representative of the above referenced property. I further certify, under the penalty of perjury, that smoke detectors and carbon monoxide alarms are present and functional in all of the following locations.

(Check applicable boxes below. Retrofitted smoke detectors and carbon monoxide alarms may be battery operated)

PROJECT ADDRESS: _____ CITY: _____

PROPERTY OWNER: _____ DATE: _____

SIGNATURE

SMOKE DETECTORS on ceiling or wall:

- In each sleeping room.
- Outside of each separate sleeping area in the immediate vicinity of bedrooms.
- In each story including any habitable attic and basement.

NOTE: In dwellings or dwelling units with split levels and without an intervening door between the adjacent levels, a smoke alarm installed on the upper level shall suffice for the adjacent lower level provided that the lower level is less than one full story below the upper level

CARBON MONOXIDE ALARMS on ceiling, wall or other location as specified by the manufacturer

- Outside of each separate sleeping area in the immediate vicinity of bedrooms
- In each story including any habitable basement

NOTE: In dwellings or dwelling units. With split levels and without an intervening door between the adjacent levels, a smoke alarm installed on the upper level shall suffice for the adjacent lower level provided that the lower level is than one full story below the upper level.

For R-I Occupancies only — sleeping units with permanently installed fuel burning appliances.

I, the undersigned, acting the contractor responsible for the above referenced work, do certify under the penalty of perjury, the presence of detectors and alarms as indicated above.

CONTRACTOR NAME: _____ LICENSE NUMBER; _____

SIGNATURE: _____ DATE: _____

In lieu of physical inspection of smoke detectors and carbon monoxide alarms by the City of Visalia inspector, this certification may be completed and presented to the inspector during the course of a project as follows:

- Reroof — at time of sheathing inspection
- Replace exterior wall cover — at lathe inspection
- Window change out — at weather stripping/rough inspection
- Attached patio cover at footing inspection
- Other: _____
