Narratives

Areas of Greatest Need:

Housing and Recovery Act of 2008 (HERA) for the purpose of assisting in the redevelopment of abandoned and foreclosed homes. Neighborhood Stabilization Program (NSP, treated as CDBG funds.

Priority to areas of greatest need 1) with greatest percentage of foreclosures, 2) with the highest percentage of homes financed with sub prime loans; 3) identified as likely to face a significant rise in the rate of home foreclosures.

Distribution and Uses of Funds:

City of Visalia NSP Acquisition, Rehabilitation and Resell Program (Areas up to 120% AMI) - \$1,550,000.

City of Visalia NSP Acquisition, Rehabilitation and Resell Program - This activity specifically benefits families with income at or below 50% of the AMI- the \$600,000 (597,082.75 minimum) set aside for 50% AMI and below. The required 25 % set aside in the amount of \$597,082.75 shall be utilized through the following:

Grant funds amount of \$261,825.32 (0011-B) and Program Income in the amount of \$335,257.43 shall be utilized to fill the gap to comply with the required 25% set aside.

Minor Amendments option to sell to Non-profit agency or rent.

\$480,000 has been approved by City Council for Habitat for Humanity to acquire foreclosed homes, rehabilitate and resell to very low income households. This is part of the 25% set aside funding for households at or below 50% ami.

Funds from 210 NW 2nd shall be returned. Funds in the amount of \$338,174.68 shall be placed back into the 25% set aside balance to acquire foreclosed homes and resell to households earning 50% ami and below. May 15, 2012 Notation.

Definitions and Descriptions:

(1) Definition of "blighted structure" in context of state or local law. Under the Federal Register / Vol. 73, No. 194 / Monday, October 6, 2008 / Notices, "Blighted structure" is defined as: "A structure is blighted when it exhibits objectively determinable signs of deterioration sufficient to constitute a threat to human health, safety, and public welfare."

Under the City of Visalia, City Municipal Code, Chapter 15.44, Housing Standards, "Blighted Structures" may be interpreted as the definition under 15.44.020, "Housing quality standards" which reads: "means the existence of any buildings or structures which are structurally unsafe or which constitute a fire hazard or which otherwise adversely affect the health, safety or wellbeing of a human life, or which in relation to existing use constitute a hazard to safety or health or public welfare by reason of inadequate maintenance, dilapidation, obsolescence, fire or disaster damage, rodent infestation, or abandonment, as defined in Section 17920.3 of the California Health and Safety Code."

Under the State of California, Health and Safety Code, Section 17920.3 reads: "Any building or portion thereof including any dwelling unit, guestroom or suite of rooms, or the premises on which the same is located, in which there exists any of the following listed conditions to an extent that endangers the life, limb, health, property, safety, or welfare of the public or the occupants thereof shall be deemed and hereby is declared to be a substandard building"

(2) Definition of "affordable rents" The City will follow the requirements of the program funding and ensure compliance with the Fair Market Rents and utilize the HOME Program Rent Limits for the NSP Program. These requirements were established at the inception of the program and required by HUD to obtain the 2008 HERA Act funding. Visalia-Porterville, CA MSA

Also included are the HOME Program Rent limits for reference. HOME Rent Limits Requirement: Qualification as Affordable Housing: Rental Housing - 24 CFR 92.252

Housing is considered to be affordable if gross housing costs (gross = rent + utility) are 30% or less of a person's income. For assisted housing projects, rents are set to be affordable to households at specific levels (Very Low Income, Low Income, etc.). Rents are adjusted higher for larger units and lower for smaller units according to formulas set by the Federal government. Rent limits for assisted housing are for gross rents. The actual rents charged to tenants are calculated by subtracting utility allowances from the gross rents. It is not the City of Visalia's initial intent to purchase rental properties, however, if the market dictates the need, rental properties will be considered and the City will follow the regulation based upon funding sources.

(3) Describe how the grantee will ensure continued affordability for NSP assisted housing. Upon purchasing homes at a discount rate (up to 1% discount from the appraised market value), there will be a difference in the cost and value. Also, if the property requires rehabilitation, to bring the property into compliance with State and L

Definitions and Descriptions:

ocal laws, additional NSP funding will be invested into the property. Upon preparing for the sale of the home, the purchase price will comply with the requirements of HERA and the NSP regulations. The borrower will obtain a first mortgage, at an affordable rate and terms from a local lender. The borrower may carry a second mortgage. An affordability covenant will be placed upon the property for a period of 15 years.

If a borrower is unable to obtain a first mortgage the City shall act as the Beneficiary (carrying the first mortgage). The loan will be serviced and monitored through the City's loan servicing agency, AmeriNational Community Services, Inc. The Property will be subject to a Resale Restriction Agreement and Right of First Refusal. The Agreement shall run with the land and shall bind Owner and all of Owner's successors in interest as owners of the Property.

(4) Describe housing rehabilitation standards that will apply to NSP assisted activities. The City of Visalia worked with its Building Division to amend its city assisted, housing rehabilitation standard work specification standards in 2007 and continues to update with current (2011) building code requirements. The policy follows local and state regulations and codes. The City will follow the standards, just as it does with its existing housing rehabilitation CDBG and HOME funded programs.

Low Income Targeting:

Approximately \$600,000 (\$597,082.75), will be reserved to assist in purchasing properties, again, in areas of greatest need, and then rehabilitated, thereafter, resold to families with income not exceeding 50% of AMI. As relayed above City council approved an agreement with Habitat for Humanity December 19, 2011 for \$480,000 to acquire foreclosed homes, rehabilitate, and resell to very low (50% ami anda below) AMI households.

Acquisition and Relocation:

It is not the City's initial goal to utilize NSP funding to demolish substandard housing, however, if the market indicates that there is a higher demand and need, the city will consider this approach with revolved NSP funding.

(1) Activity Name: City of Visalia NSP Acquisition, Rehabilitation and Resell Program (Areas up to 120% AMI) and (Areas 0-50% AMI)

(2) Activity Type: (include NSP eligible use & CDBG eligible activity) The Activity type is "Purchase and Rehabilitation". The identified NSP eligible uses and the CDBG eligible activities are as follows:

- NSP: §2301(c)(3)(B) purchase and rehabilitate homes and residential properties that have been abandoned or foreclosed, in order to sell, rent, or redevelop such homes and properties; and
- Ø CDBG: 24 CFR 570.201(a) Acquisition; (b) Disposition, (i) Relocation, and (n) Direct homeownership assistance (as modified below); 24 CFR 570.202 eligible rehabilitation and preservation activities for homes and other residential properties (HUD notes that rehabilitation may include counseling for those seeking to take part in the activity).

And "Financing Mechanism"

- NSP: §2301(c)(3)(A) establish financing mechanisms for purchase and redevelopment of foreclosed upon homes and residential properties, including such mechanisms as soft-second, loan loss reserves, and shared-equity loans for low- and moderate- income homebuyers
- Ø CDBG: As part of an activity delivery cost for an eligible activity as defined in 24 CFR 570.206. Also, the eligible activities listed below to the extent financing mechanisms are used to carry them out.

(3) National Objective: (Must be a national objective benefiting low, moderate and middle income persons, as defined in the NSP Notice—i.e., ≤ 120% of area median income).

Additional Activity Type Acquisition, construction, reconstruction of public facilities (Technical Amendment in relation

Public Comment:

The original 2008 Action Plan Amendment: Staff coordinated a public community meeting, held on Wednesday, October, 29, 2008, held at the City Hall, Council Chambers from 6:00 p.m. to 7:30 p.m. The community's four (4) committees, listed below, and the public in general were invited to attend. As identified in the Citizens Participation Plan, the community committees, Citizens Advisory Committee, Northern Visalia Neighborhood Committee, Disability Advocacy Committee and Washington for a Better Community Committee, along with the general public. In addition to inviting the public and committees, Staff published the public hearing notice in the Visalia Times Delta and El Sol. The notice was also posted at City Hall East, West and North, Post Office and Public Library.

Minor Amendments: Are published on the City's website and are provided in memo form .If any public comment is received it is noted.

Council approved, December 19, 2011, \$480k of the 25% set aside for Habitat for Humanity to acquire, rehab and resell to very low income households.
 Council reviewing amendment to agreement between Habitat for Humanity and City for a minor technical amendment to their agreement (May 21, 2012)

Activity Description:

City of Visalia NSP Acquisition, Rehabilitation and Resell Program (Areas up to 120% AMI) - \$1,550,000. As indicated above, the five neighborhoods that the City of Visalia will be initially targeting are the Washington School area neighborhood, Lincoln Oval area neighborhoods, Northeast Visalia Area, Birdland and Shannon Ranch. The neighborhoods are all within identified areas with the greatest need. The activities shall include acquisition of vacant, abandoned and foreclosed properties. The properties shall be evaluated by the City of Visalia's building inspector to identify health and safety issues. The City shall follow the rules and regulations of the NSP funding in acquiring properties. It is the intent to purchase the property at a discount minimum of 1% below the appraised market value. The appraisal shall be conducted (meeting the 60 day requirement). The housing related activities involved with the acquisition of the property may include rehabilitation. Upon preparing the home for resale, the properties will be made available to families meeting the program guidelines. Due to the purchase discount, an affordability covenant will be placed upon the property for a minimum of 15 year term and a first right of refusal clause. The borrower would obtain a first mortgage through a local lender that meets the requirements of the program (must provide a fixed rate mortgage) or possibly through one of the lending institutions that the City is working with to provide the new borrower with a first mortgage. The City will make no profit in the turnover of the property to a new homeowner. It is the intent of the use of NSP funding to stabilize communities and rebuild neighborhoods. It is also the intent to look to the lending institutions, such as those listed above, to finance the first mortgage for the new borrower. In the event the borrower is not financed through a local lender, the City will serve as the Lender/Mortgagee (first mortgage, below market fixed rate of interest (between 3% - 6%) 30 year term), incorporating a right of first refusal in all mortgage documents. The family will be required to meet loan underwriting criteria, similar to a lending institution. Dependent upon the borrowers family income and cost of the home and qualifications, the borrower may also need gap financing. The City will provide a second mortgage to qualified families, with a below market interest rate of 3% to 4%. The City will be incorporating affordability covenants as required, following regulations applicable to the funding source utilized. The first Activity- (G1) is to acquire, rehabilitate and resell properties in areas of greatest need up to 120% AMI. Approximately \$1,550,000 will be addressing this activity. It is also the City's goal to acquire, rehabilitate and resell

properties to families with income levels up to 50% AMI, working through Habitat for Humanity, Self Help Enterprises and CSET to obtain buyers with income levels at or below 50% of the AMI. Approximately \$600,000 of the NSP Funds shall address the needs of families with income at or below 50% AMI. This is referenced in the second active (G2).

Location Description:

Within the City of Visalia citylimits. Areas of concentration are those with the greatest need, which include two neighborhoods in which we are focusing our initial energies toward revitalization. The two targeted neighborhoods are Washington School and Lincoln Oval Park neighborhoods. The Washington School neighborhood lies within Census Tract areas 17.01.1, 17.01.2, 17.01.3, 17.01.4, 17.01.5, 18.00.1, 18.00.2. The second area Lincoln Oval Park neighborhood, which lies within Census Tract areas, including block groups 10.04.2, 10.04.4, 11.00.1, 11.00.2, 11.00.3. This is another area in which the city has been concentrating its efforts to address the needs of families in the community. Efforts include community outreach in collaboration with our Park & Recreation, Police, Engineering and Neighborhood Preservation Departments. Census Tract 11.00.4 is immediately adjacent to the Oval Park area. Also, contiguous to the Lincoln Oval Park area are Census Tracts 12.00.1 and 12.00.5. These Census Tracts are an extension of the Oval Park Area, to the south. The three additional areas that the City will address with the greatest needs and most impact are on the northeast and northwest sides of Houston Avenue. These areas are known as the Northeast Visalia Area, bound by Santa Fe, St Johns Parkway, Pinkham alignment and Douglas; Birdland, bound by Giddings, Riggin Avenue, Santa Fe and Ferguson; and Shannon Ranch, bound by Demaree, Riggin Avenue, Giddings up to Mooney Boulevard and Goshen Avenue. The ages of the homes vary from 20 years or more, to less than 10 years. Statistical data depicted through the attached maps support adding these three areas to the program, as well as desire from the Visalia City Council. During the public hearing held on November 3, 2008, City Council directed staff to expand its boundaries if applicable beyond the two neighborhoods to acquire and resell homes that have been foreclosed upon. The City will focus use of the 50% or below AMI funds in the Washington School and/or Lincoln Oval Park neighborhoods where homes tend to be older and less expensive and require the most rehabilitation. With respect to the 50% to 120% AMI funds, the City will acquire foreclosed homes in the Northeast Visalia, Birdland, Shannon Ranch and additional census tracts near the Lincoln Oval Park. These homes tend to be new, higher priced, require fewer improvements, and will resell faster enabling the City to fulfill its goal of recycling dollars. The Northeast Visalia area is identified in the Census map as Tracts 13.01.2 and 13.01.3 and portions of northern blocks of 13.02.1 and 13.02.2. The Birdland area is identified in the Census map as Tracts 10.04.1 and 10.04.3. This area reflects a 7.3% to 8.6% foreclosure/abandonment risk score, 81% up to 100% of the area median income range is 120% AMI or below, predicted 18 month foreclosure rate between 9.3% to 10.5%, USPS Residential Vacancy Rate is approximately 1.2% to 2.2% and a rate between 43% to 48%, Hi Cost Loan Rate Area. The last area Shannon Ranch, is identified in the Census map as Tract 10.03.1 and a portion of 10.03.2.

Activity Progress Narrative:

Match Contributed	\$0.00	\$0.00

Activity Description:

Habitat for Humanity will be acquiring foreclosed homes, rehabilitating and reselling to very low income households, at or below 50% ami.

Location Description:

Habitat for Humanity will be acquiring foreclosed single family homes in the City's approved NSP targeted boundaries.

Activity Progress Narrative:

Habitat purchased 1 home (Conyer) and is in escrow on the second property. Their efforts continue with acquiring homes for households at or below 50% of the area median income.

City of Visalia	\$0.00	\$338,174.68
Match Contributed	\$0.00	\$0.00

Activity Description:

This activity is specifically to benefit families with income at or below 50% of the AMI. - \$250,000 of the \$600,000 set aside for 50% AMI; As of March 8, 2010, a minor amendment was completed to add an additional \$50,000 to the 210NW 2nd project. this was a minor amendment, less than 50% of the allocation, therefore only required the City Manager's approval by memo. The neighborhood is within identified an area with the greatest need. The activities shall include acquisition of vacant, abandoned and foreclosed properties. The properties shall be evaluated by the City of Visalia's building inspector to identify health and safety issues. The City shall follow the rules and regulations of the NSP funding in acquiring properties. It is the intent to purchase the property at a discount (1%) below the appraised market value. The appraisal shall be conducted (meeting the 60 day requirement). The housing related activities involved with the acquisition of the property may include rehabilitation. The property (units) will be made available to families meeting the program guidelines. Due to the purchase discount, an affordability covenant will be placed upon the property for a 20 to 30 year term. The City's goal is to provide permanent housing, to stabilize communities and rebuild neighborhoods; working with a non-profit agency as a property manager to monitor and maintain the property. AS of Jan 2010, Council approved the use of \$250k of the \$600k set aside for 50% AMI for the acquisition of a foreclosed 1-4 unit multifamily unit to rehabilitation and maintain ownership as permanent housing for families at or below 50% AMI. As noted earlier, a minor amendment was completed on March 4, 2010 to add an additional \$50,000 to the project. A minor technical change to the Action Plan has been made to change the use of 210 NW 2nd 4 plex to the acquisition, rehabilitation of a public facility. The property is being sold to a non-profit agency. Technical Amendment ¿ 210 NW 2nd (March 7, 2011) - Public Hearing held. Change in Use for property located at 210 NW 2nd ¿ 4-plex. This property was originally purchased with the intent to rehabilitate and provide permanent housing. A public hearing was held and the change in use was approved to allow the sale of the property to Visalia Rescue Mission for transitional housing. This is also considered a technical change to the NSP Action Plan. The Eligible Use under NSP is: (E) Redevelop demolished or vacant properties: Under CDBG: ¿ 24 CFR 570.201(a) Acquisition, (b) Disposition, (c) Public facilities and improvements,

Location Description:

Within the City of Visalia citylimits. The areas of concentration remain the same. Specifically, for this property located at 210

NW 2nd Avenue, it lies within Census Tract 11.00, which is one of the areas of concentration with the greatest need, which include two neighborhoods in which we are focusing our initial energies toward revitalization. The two targeted neighborhoods are Washington School and Lincoln Oval Park neighborhoods. The Washington School neighborhood lies within Census Tract areas 17.01.1, 17.01.2, 17.01.3, 17.01.4, 17.01.5, 18.00.1, 18.00.2. The second area Lincoln Oval Park neighborhood, which lies within Census Tract areas, including block groups 10.04.2, 10.04.4, 11.00.1, 11.00.2, 11.00.3. This is another area in which the city has been concentrating its efforts to address the needs of families in the community. Efforts include community outreach in collaboration with our Park and Recreation, Police, Engineering and Neighborhood Preservation Departments. Census Tract 11.00.4 is immediately adjacent to the Oval Park area. Also, contiguous to the Lincoln Oval Park area are Census Tracts 12.00.1 and 12.00.5. These Census Tracts are an extension of the Oval Park Area, to the south. The City will focus use of the 50% or below AMI funds in the Washington School and/or Lincoln Oval Park neighborhoods where homes tend to be older and less expensive and require the most rehabilitation.
