

## VISALIA POLICE DEPARTMENT

*Colleen Mestas, Chief of Police*

Sergeant Ozzie Dominguez, Public Information Officer  
(559) 713-4216 (office) / (559) 713-4807 (fax)  
odominguez@ci.visalia.ca.us

**\*\*\*NEWS RELEASE\*\*\***  
**March 5, 2014**

The Visalia Police Department is now utilizing a new communications service that allows us to send valuable community information directly to residents using the latest technology.

The Nixle Community Information Service allows us to create and publish messages to be delivered to residents instantly via cell phone, text message, and/or email. Notifications can also be accessed online at Nixle's web site at [www.nixle.com](http://www.nixle.com).

Messages may include crime and arrest reports, as well as other relevant safety and community event information. The service is secure, reliable and easy to use. Subscribers can choose the way in which alerts are received, whether it is by email, text message, or over the web.

Nixle builds on the foundations of other public-to-public communication services, such as Twitter, Facebook, and MySpace, but adds a key component: security. When citizens receive information from our agency via Nixle, they know it can be trusted.

Residents of Visalia and those in neighboring communities can immediately begin receiving pertinent information via text message, email, and web by registering at [www.nixle.com](http://www.nixle.com).

We are very excited to have you experience it for yourself.

### **About Nixle**

Nixle is a community information service provider built exclusively to provide secure and reliable communications. It is the first authenticated and secure service that connects municipal agencies and community organizations to residents in real time, delivering information to geographically targeted consumers over their cell phones (via text messages), through e-mails and via Web access. Nixle has secured a partnership with Nlets (the International Justice and Public Safety Network), allowing local police departments nationwide to send immediate alerts and advisories. For more information, visit [www.nixle.com](http://www.nixle.com)
