Office of Statewide Health Planning and Development (OSHPD)

OSHPD EF-01/15 - Emergency regulations regarding proposed changes to the California Green Building Standards Code, Title 24, Part 11, CCR

- Finding of Emergency ([PDF](#))
- Express Terms ([PDF](#))

Approved by the California Building Standards Commission on May 29, 2015, filed with Secretary of State on June 1, 2015.

All **new** residential and commercial projects will be required to submit landscape plans. All residential and commercial **alterations/remodels** proposing a minimum of 500 sq-ft of landscaping shall provide landscape plans. Plans shall include type(s) of sprinkler/watering systems, plantings, and any type of water saving systems and or equipment.

These Emergency Regulations will be required on all residential and commercial plans beginning July 1, 2015 and will be enforced by the City of Visalia.
