THE NEXT REGULAR MEETING WILL BE HELD ON MONDAY, JULY 8, 2019

REPORT TO CITY OF VISALIA PLANNING COMMISSION

HEARING DATE: June 24, 2019

PROJECT PLANNER: Cristobal Carrillo
Associate Planner, (559) 713-4443
E-mail: cristobal.carrillo@visalia.city

SUBJECT: Conditional Use Permit No. 2019-23: A request by Tamryn Tanimoto to establish an after school tutoring center within an existing shopping center in the C-N (Neighborhood Commercial) Zone. The project site is located at 5139 W. Walnut Avenue. (APN: 119-650-004)

STAFF RECOMMENDATION

Staff recommends approval of Conditional Use Permit No. 2019-23 based on the findings and conditions in Resolution No. 2019-39. Staff's recommendation is based on the project's consistency with the policies of the City's General Plan and Zoning Ordinance.

RECOMMENDED MOTION

I move to approve Conditional Use Permit No. 2019-23, based on the findings and conditions in Resolution No. 2019-39.

PROJECT DESCRIPTION

The request is to establish an after school tutoring center in an existing 1,200 sq. ft. tenant space within the Rancho Viejo Shopping Center (see Exhibit "A"). Per the Operational Statement in Exhibit "C", the facility will provide Kumon method math and reading instruction to 12 students at a time in a classroom setting. Students will range in age from 5 to 12 years old. The facility will include four to five instructors and will operate from 10:00am to 7:00pm Monday through Friday, with student instruction occurring in one hour sessions between 2:30pm and 6:30pm.

As shown in Exhibit "B", the facility will include an open tutoring area with 16 student desks, a library, storage areas, and restrooms. A parent waiting area is also provided. No exterior renovations are proposed to the facility.

The location of the tutoring center will be at the southeast end of the shopping center, just east of the existing Save Mart grocery store. Parking for the facility will be provided by the existing parking field serving the shopping center. Access to the site will be provided by drive entrances with access to S. Akers Street and W. Walnut Avenue.

PROJECT EVALUATION

Land Use Compatibility

“Tutoring Centers” are a conditionally permitted use within the C-N Zone with approval of a Conditional Use Permit (CUP). The tutoring center will be situated in a shopping center within an urbanized area. The proposed tutoring center will not conflict with surrounding uses given sufficient on-site parking and lack of activity resulting in excessive noise or environmental hazards. No exterior improvements are proposed in conjunction with the proposed use. If approved, the applicant would need a Building Permit to conduct tenant improvements within the existing building.

Operational Compatibility with Surrounding Area

The facility will be dissimilar from surrounding uses within the shopping center, which are predominantly retail in nature. However, the facility will not be out of place as it will employ hours of operation and staffing numbers compatible with existing uses. Educational activities conducted onsite will be contained within the tenant space area. Staff concludes that the proposed activities will be compatible with surrounding land uses.

Parking and Access

The parking requirement for an educational facility (kindergarten and nursery schools) is one parking space for each employee plus one parking space for each ten children (Zoning Ordinance Section 17.34.020). This would put the onsite parking need at seven stalls. The tutoring center will make use of the approximately 329 parking spaces available on the interior parking field of the shopping center. Per Exhibit “A” additional parking is also available in the rear of the project site, south of the facility. The total combined stalls will more than meet the required parking need for the tutoring center.

Environmental Review

The requested action is considered Categorical Exempt under Section 15301 of the Guidelines for the Implementation of the California Environmental Quality Act (CEQA). (Categorical Exemption No. 2019-43).

RECOMMENDED FINDINGS

1. That the proposed project will not be detrimental to the public health, safety, or welfare, or materially injurious to properties or improvements in the vicinity.

2. That the proposed conditional use permit is consistent with the policies and intent of the General Plan and Zoning Ordinance. Specifically, the project is consistent with the required findings of Zoning Ordinance Section 17.38.110:
 - a. The proposed location of the conditional use permit is in accordance with the objectives of the Zoning Ordinance and the purposes of the zone in which the site is located.
 - b. The proposed location of the conditional use and the conditions under which it would be operated or maintained will not be detrimental to the public health, safety, or welfare, nor materially injurious to properties or improvements in the vicinity.
3. That the requested action is Categorically Exempt under Section 15301c of the Guidelines for the Implementation of the California Environmental Quality Act (CEQA), (Categorical Exemption No. 2019-43).

RECOMMENDED CONDITIONS OF APPROVAL

1. That the project be developed in substantial compliance and be consistent with the conditions of the Site Plan No. 2019-086.
2. That the site be developed in substantial compliance with the approved site plan and floor plan as shown in Exhibits "A" and "B".
3. That the site shall operate in substantial compliance with the operational statement as stated in Exhibit "C".
4. That substantial changes to the site plan, floor plan, or operational statement may require an amendment to this Conditional Use Permit as determined through the Site Plan Review process.
5. That all building signage shall require a separate building permit.
6. That all other federal, state and city codes, ordinances and laws be met.

APPEAL INFORMATION

According to the City of Visalia Zoning Ordinance Section 17.02.145, an appeal to the City Council may be submitted within ten days following the date of a decision by the Planning Commission. An appeal with applicable fees shall be in writing and shall be filed with the City Clerk at 220 N. Santa Fe Street. The appeal shall specify errors or abuses of discretion by the Planning Commission, or decisions not supported by the evidence in the record. The appeal form can be found on the city's website www.visalia.city or from the City Clerk.

RELATED PLANS AND POLICIES

Conditional Use Permits

(Section 17.38)

17.38.010 Purposes and powers.

In certain zones conditional uses are permitted subject to the granting of a conditional use permit. Because of their unusual characteristics, conditional uses require special consideration so that they may be located properly with respect to the objectives of the zoning ordinance and with respect to their effects on surrounding properties. In order to achieve these purposes and thus give the zone use regulations the flexibility necessary to achieve the objectives of this title, the planning commission is empowered to grant or deny applications for conditional use permits and to impose reasonable conditions upon the granting of such permits. (Prior code § 7525)

17.38.020 Application procedures.

- A. Application for a conditional use permit shall be made to the planning commission on a form prescribed by the commission which shall include the following data:
1. Name and address of the applicant;
 2. Statement that the applicant is the owner of the property or is the authorized agent of the owner;
 3. Address and legal description of the property;
 4. The application shall be accompanied by such sketches or drawings as may be necessary by the planning division to clearly show the applicant's proposal;
 5. The purposes of the conditional use permit and the general description of the use proposed;
 6. Additional information as required by the historic preservation advisory committee.
- B. The application shall be accompanied by a fee set by resolution of the city council sufficient to cover the cost of handling the application. (Prior code § 7526)

17.38.030 Lapse of conditional use permit.

A conditional use permit shall lapse and shall become void twenty-four (24) months after the date on which it became effective, unless the conditions of the permit allowed a shorter or greater time limit, or unless prior to the expiration of twenty-four (24) months a building permit is issued by the city and construction is commenced and diligently pursued toward completion on the site which was the subject of the permit. A permit may be renewed for an additional period of one year; provided, that prior to the expiration of twenty-four (24) months from the date the permit originally became effective, an application for renewal is filed with the planning commission. The commission may grant or deny an application for renewal of a conditional use permit. In the case of a planned residential development, the recording of a final map and improvements thereto shall be deemed the same as a building permit in relation to this section. (Ord. 2001-13 § 4 (part), 2001: prior code § 7527)

17.38.040 Revocation.

Upon violation of any applicable provision of this title, or, if granted subject to a condition or conditions, upon failure to comply with the condition or conditions, a conditional use permit shall be suspended automatically. The planning commission shall hold a public hearing within sixty (60) days, in accordance with the procedure prescribed in Section 17.38.080, and if not satisfied that the regulation, general provision or condition is being complied with, may revoke the permit or take such action as may be necessary to insure compliance with the regulation, general provision or condition. Appeals of the decision of the planning commission may be made to the city council as provided in Section 17.38.120. (Prior code § 7528)

17.38.050 New application.

Following the denial of a conditional use permit application or the revocation of a conditional use permit, no application for a conditional use permit for the same or substantially the same conditional use on the same or substantially the same site shall be filed within one year from the date of denial or revocation of the permit unless such denial was a denial without prejudice by the planning commission or city council. (Prior code § 7530)

17.38.060 Conditional use permit to run with the land.

A conditional use permit granted pursuant to the provisions of this chapter shall run with the land and shall continue to be valid upon a change of ownership of the site or structure which was the subject of the permit application subject to the provisions of Section 17.38.065. (Prior code § 7531)

17.38.065 Abandonment of conditional use permit.

If the use for which a conditional use permit was approved is discontinued for a period of one hundred eighty (180) days, the use shall be considered abandoned and any future use of the site as a conditional use will require the approval of a new conditional use permit.

17.38.070 Temporary uses or structures.

- A. Conditional use permits for temporary uses or structures may be processed as administrative matters by the city planner and/or planning division staff. However, the city planner may, at his/her discretion, refer such application to the planning commission for consideration.
- B. The city planner and/or planning division staff is authorized to review applications and to issue such temporary permits, subject to the following conditions:
 - 1. Conditional use permits granted pursuant to this section shall be for a fixed period not to exceed thirty (30) days for each temporary use not occupying a structure, including promotional enterprises, or six months for all other uses or structures.
 - 2. Ingress and egress shall be limited to that designated by the planning division. Appropriate directional signing, barricades, fences or landscaping shall be provided where required. A security officer may be required for promotional events.
 - 3. Off-street parking facilities shall be provided on the site of each temporary use as prescribed in Section 17.34.020.
 - 4. Upon termination of the temporary permit, or abandonment of the site, the applicant shall remove all materials and equipment and restore the premises to their original condition.
 - 5. Opening and closing times for promotional enterprises shall coincide with the hours of operation of the sponsoring commercial establishment. Reasonable time limits for other uses may be set by the city planner and planning division staff.
 - 6. Applicants for a temporary conditional use permit shall have all applicable licenses and permits prior to issuance of a conditional use permit.
 - 7. Signing for temporary uses shall be subject to the approval of the city planner.
 - 8. Notwithstanding underlying zoning, temporary conditional use permits may be granted for fruit and vegetable stands on properties primarily within undeveloped agricultural areas. In reviewing applications for such stands, issues of traffic safety and land use compatibility shall be evaluated and mitigation measures and conditions may be imposed to ensure that the stands are built and are operated consistent with appropriate construction standards, vehicular access and off-street parking. All fruits and vegetables sold at such stands shall be grown by the owner/operator or purchased by said party directly from a grower/farmer.
- C. The applicant may appeal an administrative decision to the planning commission. (Ord. 9605 § 30 (part), 1996: prior code § 7532)

17.38.080 Public hearing--Notice.

- A. The planning commission shall hold at least one public hearing on each application for a conditional use permit.
- B. Notice of the public hearing shall be given not less than ten days nor more than thirty (30) days prior to the date of the hearing by mailing a notice of the time and place of the hearing to property owners within three hundred (300) feet of the boundaries of the area occupied or to be occupied by the use which is the subject of the hearing, and by publication in a newspaper of general circulation within the city. (Prior code § 7533)

17.38.090 Investigation and report.

The planning staff shall make an investigation of the application and shall prepare a report thereon which shall be submitted to the planning commission. (Prior code § 7534)

17.38.100 Public hearing--Procedure.

At the public hearing the planning commission shall review the application and the statement and drawing submitted therewith and shall receive pertinent evidence concerning the proposed use and the proposed conditions under which it would be operated or maintained, particularly with respect to the findings prescribed in Section 17.38.110. The planning commission may continue a public hearing from time to time as it deems necessary. (Prior code § 7535)

17.38.110 Action by planning commission.

- A. The planning commission may grant an application for a conditional use permit as requested or in modified form, if, on the basis of the application and the evidence submitted, the commission makes the following findings:
 - 1. That the proposed location of the conditional use is in accordance with the objectives of the zoning ordinance and the purposes of the zone in which the site is located;
 - 2. That the proposed location of the conditional use and the conditions under which it would be operated or maintained will not be detrimental to the public health, safety or welfare, or materially injurious to properties or improvements in the vicinity.
- B. A conditional use permit may be revocable, may be granted for a limited time period, or may be granted subject to such conditions as the commission may prescribe. The commission may grant conditional approval for a permit subject to the effective date of a change of zone or other ordinance amendment.
- C. The commission may deny an application for a conditional use permit. (Prior code § 7536)\

17.38.120 Appeal to city council.

The decision of the City planning commission on a conditional use permit shall be subject to the appeal provisions of Section 17.02.145. (Prior code § 7537) (Ord. 2006-18 § 6, 2007)

17.38.130 Effective date of conditional use permit.

A conditional use permit shall become effective immediately when granted or affirmed by the council, or upon the sixth working day following the granting of the conditional use permit by the planning commission if no appeal has been filed. (Prior code § 7539)

RESOLUTION NO. 2019-39

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF VISALIA APPROVING CONDITIONAL USE PERMIT NO. 2019-23, A REQUEST BY TAMRYN TANIMOTO TO ESTABLISH AN AFTER SCHOOL TUTORING CENTER IN THE C-N (NEIGHBORHOOD COMMERCIAL) ZONE. THE SUBJECT SITE IS LOCATED AT 5139 W. WALNUT AVENUE (APN: 119-650-004).

WHEREAS, Conditional Use Permit No. 2019-23, is a request by Tamryn Tanimoto to establish an after school tutoring center within an existing shopping center in the C-N (Neighborhood Commercial) Zone. The project site is located at 5139 W. Walnut Avenue. (APN: 119-650-004); and

WHEREAS, the Planning Commission of the City of Visalia, after duly published notice did hold a public hearing before said Commission on June 24, 2019; and

WHEREAS, the Planning Commission of the City of Visalia finds the Conditional Use Permit to be in accordance with Chapter 17.38.110 of the Zoning Ordinance of the City of Visalia based on the evidence contained in the staff report and testimony presented at the public hearing; and

WHEREAS, the Planning Commission finds the project to be Categorical Exempt consistent with the California Environmental Quality Act (CEQA) and City of Visalia Environmental Guidelines.

NOW, THEREFORE, BE IT RESOLVED that the project is exempt from further environmental review pursuant to CEQA Section 15301.

NOW, THEREFORE, BE IT FURTHER RESOLVED that the Planning Commission of the City of Visalia makes the following specific findings based on the evidence presented:

1. That the proposed project, as conditioned, will not be detrimental to the public health, safety, or welfare, or materially injurious to properties or improvements in the vicinity.
2. That the proposed conditional use permit is consistent with the policies and intent of the General Plan and Zoning Ordinance. Specifically, the project is consistent with the required findings of Zoning Ordinance Section 17.38.110:
 - a. The proposed location of the conditional use permit is in accordance with the objectives of the Zoning Ordinance and the purposes of the zone in which the site is located.
 - b. The proposed location of the conditional use and the conditions under which it would be operated or maintained will not be detrimental to the public health, safety, or welfare, nor materially injurious to properties or improvements in the vicinity.
3. That the project is considered Categorical Exempt under Section 15301 of the Guidelines for the Implementation of CEQA. (Categorical Exemption No. 2019-43).

BE IT FURTHER RESOLVED that the Planning Commission hereby approves the Conditional Use Permit on the real property here described in accordance with the terms of this resolution under the provisions of Section 17.38.110 of the Ordinance Code of the City of Visalia, subject to the following conditions:

1. That the project be developed in substantial compliance and be consistent with the conditions of the Site Plan No. 2019-086.
2. That the site be developed in substantial compliance with the approved site plan and floor plan as shown in Exhibits "A" and "B".
3. That the site shall operate in substantial compliance with the operational statement as stated in Exhibit "C".
4. That substantial changes to the site plan, floor plan, or operational statement may require an amendment to this Conditional Use Permit as determined through the Site Plan Review process.
5. That all building signage shall require a separate building permit.
6. That all other federal, state and city codes, ordinances and laws be met.

Operational Statement

We are an after school tutoring center. As the owner, open business hours will be 10-7 Monday through Friday. Students will be at the center for 30 min. at a time between the times 230 - 630. About 12 students in the classroom at a time with 4-5 employees as well.

Kumon is a math and reading program. We are a worksheet based curriculum in which the students learn through the worksheets. The age ranges from 5 years old to 12 years old, roughly. The students come in for 30 minutes per subject (math/reading), and they come in twice a week. They come to the classroom, do a homework packet of worksheets, and take homework home. Kumon encourages self learning so all students should be able to come in and work independently. I am there to observe along with only a couple other staff for help if the student needs it.
