# **CITY OF VISALIA RATES AND FEES ADMINISTRATIVE POLICY AND PROCEDURES**

## **PURPOSE:**

The purpose of this policy is to set forth the procedures for the review, revision and approval of the City's rates and fees.

## **POLICY:**

1. It shall be the policy of the City to establish fees and charges for City services, which reimburse the City for the associated services, unless specified otherwise by the City Council.
2. All fees and charges shall be reviewed annually, or sooner if needed, to insure that they are adequate and correlate with their associated cost.
3. All fees and charges adopted herein shall be superseded by state or federal legal requirements setting fees and charges if at different amounts.

## **PROCEDURES:**

1. Annually Finance shall request City departments to review their rates and fees and propose any adjustments.
2. Upon receipt of the requested adjustments, Finance shall review them to ensure that they comply with the City Council's policy for reimbursement of the associated costs.
3. Upon completion of this review, the proposed new rates and fees shall be reviewed by the appropriate advisory Committee or Commission and forwarded by Finance to the City Manager for final review and approval prior to being submitted to City Council.
4. After review and approval by the City Manager, the new rates and fees shall be identified in the Rates and Fees resolution.
5. The rates and fees shall be used to estimate revenues, for specific City programs, as requested in the proposed upcoming budget.
6. The public hearing on the proposed rates and fees, if required, shall be scheduled at a regular Council meeting.
7. Generally all adjustments to the City's rates and fees are to be considered at one time prior to the review and adoption of the budget. Changes in some rates and fees become effective at a date other than the first day of the new fiscal year. See Effective Date below for detail.
8. Should new services or documents become available during the year, the new rate(s) or fee(s) may be developed and implemented using the same criteria as similar rates or fees. These new items would then be included in the next review, if continued use is anticipated.

# **CITY OF VISALIA RATES AND FEES ADMINISTRATIVE POLICY AND PROCEDURES**

## **BASIS FOR ADJUSTMENTS:**

1. Generally most adjustments to rates and fees are based on established annual indexes including the following:
  - California Consumer Price Index (CCPI)
  - Engineering News Record Construction Costs Index (ENRCCI)
  - U.S. Consumer Price Index – Urban Consumers (CPI-U)
  
2. In addition to these indexes some rates and fees are also adjusted using other basis to determine fees. For example the following basis are also used in limited cases to adjust rates and fees:
  - Cost of providing service
  - Cost reimbursement
  - Survey of fees from surrounding communities
  - Special surcharges due to specific costs
  - Subsidy by the General Fund
  - Rounding
  
3. Certain rates and fees may not be required to be adjusted. For example if an Enterprise Funds can continue to fund operations without an increase, none will be recommended.

## **EFFECTIVE DATES:**

1. Adjustments to rates and fees generally become effective on the first day of the next fiscal year. (e.g. General Fund and Enterprise Funds).
  
2. Adjustments to Impact Fees are effective 60 days after the date of the Public Hearing in which the new rates were adopted.
  
3. In certain circumstances a rate or fee may be brought before Council and adjustments adopted during the fiscal year for immediate change or changes over specified number of years.

**City of Visalia  
Parks and Recreation Department  
Fee Policy**

**Attachment A**

**BACKGROUND**

The Park and Recreation Department wishes to provide meaningful recreational opportunities to meet the physical, cultural, mental and economic needs of the citizens of Visalia. It is our desire to enhance the quality of life in Visalia by providing open space, recreation facilities and programs for all citizens. Providing an array of quality recreational opportunities is an increasingly complex task due to: (1) demands for new and expanded services, (2) demands to retain older services, (3) increases in operating expenses, and (4) priorities of allocating limited City general fund dollars. Fiscal responsibility mandates the adoption of a sound and consistent fee and charge policy that will guide the generation of revenue to supplement the General Fund's support of park and recreation programs and services.

Fiscal goals of the Parks and Recreation Department include:

- To become less dependent upon tax support from the City and to become more self-sufficient.
- To substantially increase the proportion of the services and operations funded through user fees. The department will make a concerted effort to track its costs for facilities and operations and ensure program costs are better covered by fees charged.
- To view programs and services more as an enterprise. Even though the department is a public agency, the City of Visalia is limited by the funds it can provide for all of its services, let alone those not viewed as essential by many taxpayers.
- In order to continue as a vital, progressive agency in the community, we need to adopt a more entrepreneurial, business-like and fiscally aware approach to our operations.

**STATEMENT OF PHILOSOPHY**

The philosophy of The City of Visalia, Parks and Recreation Department is to offer year round, diversified Park and Recreation programs and services, at reasonable and equitable rates designed to meet the needs of the citizens of Visalia. Fees and charges will be viewed as a method to equitably provide and expand services without an inordinate impact on the General Fund, while ensuring where fees are implemented, they are kept at a **fair market value** in order to encourage participation. Because the demand for services is greater than the municipality's ability to appropriate funds to support the demand, it becomes necessary to charge new fees, increase some existing fees and pursue additional supplementary revenues and resources.

Fees and charges for parks, recreation and cultural services will provide only one source of funding for the department. Other sources will include general fund appropriations, grants, sponsorships, special gifts, donations and in-kind contributions.

**VISALIA'S PRICE MODEL**

The Parks and Recreation Department will follow a cost recovery method based on benefits. This model utilizes general fund dollars for programs, services and facilities that benefit the community as a whole and allows for user fees to support programs and services that focus on benefits to individuals. "Attachment A"

shows our proposed Cost Recovery Pyramid with the following categories to be used to set program fees based on cost recovery rates:

**Category A: Community Benefit** – programs, facilities and services that benefit the community as a whole. These programs, facilities and services can increase property values, provide safety, address social needs, and enhance the quality of life for residents. The community pays for these basic services and facilities through taxes and may utilize free of charge. Such programs or services can include parks and open space, educational programs, health and wellness activities, community wide special events, family activities and gang prevention programs.

Examples of current programs in this area:

- Parks, Open Space & Trails
- Community Wide Special Events – Egg Hunt, Dia del Nino, Tamale Festival
- Family Walks
- Manuel F. Hernandez Community Center Drop In Program
- The Loop

**Category B: Community / Individual Benefit** – programs, facilities and services that promote individual physical and mental well-being and provide recreation skill development. These are the more traditionally expected services and beginner instructional levels. These programs, services and facilities are typically assigned fees based on a specified percentage of direct and indirect costs. These costs are partially offset by both a tax subsidy to account for the Community Benefit and participant fees to account for the Individual Benefit. Programs, facilities and services in this tier shall recover 50% of direct program costs.

Examples of current programs in this area:

- Youth Sports – baseball, soccer, basketball, volleyball
- Tiny Tot Sports
- Public Swim
- Swim Lessons
- Senior Meal Program
- Senior Citizen programs & classes

**Fee Example – Youth Basketball**

Expenses:	
Officials	\$10,000
Hourly Staff	\$12,000
Recreation Coordinator	\$ 2,000
Coach/Official Training	\$ 800
Facility Rental	\$ 7,000
Uniforms	\$11,000
Equipment	\$ 6,000
Awards	\$ 2,000
Advertising	\$ 1,500
Total:	\$52,300

425 Participants into \$52,300	123.06
50% subsidy	61.53 fee

**Category C: Individual / Community Benefit** – Services that promote individual physical and mental well-being and provide an intermediate level of recreational skill development. This level provides more Individual Benefit and less Community Benefit and should be priced to reflect this. Programs and services in this category shall recover 75% of direct program costs.

Examples of current programs in this area:

- Day Camps
- Enrichment Classes - dance, art, martial arts and music.
- After School Activity Program
- Tiny Tots Pre-School Program

**Fee Example – Tiny Tot Pre-School**

Expenses:

Staffing	\$480.00
Equipment & Supplies	\$200.00
Total:	\$680.00

15 Students divided into \$680      \$45.33  
75% Cost Recovery = \$34.00 fee

**Category D: Mostly Individual Benefit** – Specialized services generally for specific groups and may have a competitive focus. In this category, programs and services may be priced to recover 100% of direct costs.

Examples of current programs in this area:

- Father/Daughter Dance
- Specialty Camps & Sports Camps
- Kendo
- Adult Sports – soccer, softball, basketball, volleyball
- Swim teams
- Diving Classes

**Fee Example – Adult Volleyball**

Expenses:

Hourly Staff	\$ 800.00
Equipment	\$ 600.00
Awards	\$ 400.00
Gym Rental	\$1800.00
Total	\$3600.00

18 Teams into \$3600 = \$200 per team

**Category E: Highly Individual Benefit** – Programs or services that have a higher revenue potential and may fall outside of the core mission. In this category, programs and services are priced to cover all direct and indirect costs. Examples of this include elite athletic programs, food concessions and trips.

Examples of current programs in this area:

Haunted House  
Photos at the Mall  
Bus Trips  
Certification Courses  
ViTri (triathlon)

## **DETERMINING FEES FOR PROGRAMS**

The Parks and Recreation Department will work to recover a percentage of or all *Direct Program Costs*. The following describes factors that are considered to calculate direct costs:

- Part-Time, Hourly and Contractual Staff - leaders, instructors, officials, scorekeepers , including hourly benefit cost of 5.85%
- Equipment - including stage, light rental, tables, chairs, sound systems and other such items.
- Supply/ Materials - awards, balls, crafts, tickets, certificates, videos, copies, etc.
- Maintenance/Custodial – building attendants, facility opening & closing, maintenance issues directly related to program.
- Maintenance Supplies/Materials – maintenance and/or custodial supplies needed specific to the operation of program or activity.
- Membership/Training – memberships, subscriptions, trainings specific to a program or activity.
- Special Insurance - special event or food product liability insurance
- Security – contract security or Police Department charges
- Marketing - newspaper, radio, flyers, posters
- Program Discounts, Scholarships
- Transportation - bus rental, transit tickets
- Postage
- Equipment Purchase - Total cost of equipment purchase divided by # of years for life expectancy of equipment
- Utilities
- Facility Rental Cost – cost to rent outside facilities

## **DIFFERENTIAL FEES, VARIANCES AND FEE WAIVER**

It is understood that on occasion special consideration may be needed in determining fees for groups or individuals having circumstances uncommon to those in the fee structure criteria. In these cases, the Parks and Recreation Commission will be the approving party for all requests. Requests for a variance shall be submitted in writing to the Parks and Recreation Department 60 days prior to the date of use.

## **FEE REVIEW AND OVERSIGHT**

The Parks and Recreation Commission shall review and provide oversight of specific program and/or activity fees and charges. Such review shall take place at least bi-annually during a regularly scheduled Parks and Recreation Commission meeting.

## GROUNDWATER OVERDRAFT MITIGATION FEE

<b>Groundwater Overdraft Mitigation Fee:</b>		
	per gross acre:	\$1,568.00

**NOTE:**

In lieu of payment of the Groundwater Overdraft Mitigation Fee, and with concurrence of the City, any person seeking to annex property within the City may dedicate water rights to the City. The City, in its sole discretion, shall determine whether such dedication equals in value

## GROUNDWATER IMPACT FEE

<b>Groundwater Impact Fee:</b>		
	per acre foot of water pumped:	\$19.54

**NOTE:**

In lieu of payment of the Groundwater Impact Fee, and with concurrence of the City, all municipal water suppliers providing water service in the City may dedicate water rights to the City. The City, in its sole discretion, shall determine whether such dedication equals in value

## NORTHEAST SPECIFIC PLAN AREA DEVELOPMENT FEES

<b>ACQUISITION FEE BY SUBDIVISION</b>

<b>Total</b>	<b>\$</b>	<b>542 /per unit</b>

<b>City-wide portion of Park Fee</b>	<b>\$384</b>	<b>/per unit</b>
--------------------------------------	--------------	------------------

The unit fee shall be adjusted annually by City Council based on the following:

- a) Five percent (5%) per year increase in land acquisition costs;
- b) An amount equal to the change in the Engineering News Record Construction Cost Index for Improvement development costs.

**NOTE:**

The "Fee by Subdivision" shall be paid on each parcel of land in the Northeast Specific Plan Area prior to the approval of the final subdivision or parcel map. In the Case where units are to be constructed in previously subdivided areas which have not paid the unit fee identified as "Fee by Subdivision" above, the balance of the total unit fee shall be collected at the time of development.

In the event that a property develops with a non-residential use, the unit fee equivalent shall be calculated for that property and collected at the time of subdivision and building permits as appropriate.

The City-wide portion of the Park Fee is in addition to the Parks "Fee by Development" and shall be paid on each allowable dwelling unit at the same time the "Fee by Subdivision" is due.

## **PARK ACQUISITION & DEVELOPMENT IMPACT FEES**

<b>Mobile Home</b>	\$ 1,294.00	\$ 1,746.00

**NOTE:**

---

The Acquisition Fee shall be paid on each allowable dwelling unit prior to the approval of the final subdivision or parcel map. Where no final subdivision or parcel map is recorded prior to issuance of a building permit for a residential development, the Acquisition Fee shall be paid at the time of issuance of the building permit or permits according to the Acquisition Fee schedule in effect at the time of issuance of such building permits. [7062(a)]

The Development Fee shall be paid at the time of issuance of a building permit or permits according to the Development Fee schedule in effect at the time of issuance of such building permits. [7062(a)]

Prior Vested Tentative Maps and Projects with existing Reimbursement Agreements will continue to be assessed per Resolution 08-32.

## **PARKING IN-LIEU**

The Parking In-Lieu Fee is an optional program for new or expanding businesses within the Central Business District Parking Zones to meet Zoning Ordinance on-site parking requirement by paying the Parking In-Lieu Fee in-lieu of providing on-site parking with new development.

The Parking In-Lieu "change in use" fees for projects in the Parcel Based Improvement District's (PBID) boundaries of Zone One and Zone Two have been suspended as July 14, 2008, subject to the PBID making timely payments to the City's Central Business District Parking Zones Parking In-lieu Fund

For the Central Business District boundaries, please refer to the Parking Districts Zone Map on our website at:  
<http://geodata.visalia.city/pages/standard-maps>

For the Parcel Based Improvement District's, please refer to the PBID Boundaries and DT Visalians Map on our website at:

## **TRANSPORTATION IMPACT FEES**

### **INFILL CREDIT CRITERIA**

**A reduction in the amount of Transportation Impact Fees will be provided to all Commercial and Office Projects that meet the following criteria:**

1. The project is in a location where the curb, gutter and sidewalk have been installed in the ultimate alignment.
2. The project is seventy-five percent surrounded by existing development that has been in place an average of fifteen years or more.
3. Any median islands that are planned on adjacent roadways have been installed.
4. The project was inside of the Visalia city limits prior to December 31, 1995.

#### **Projects that meet the Infill criteria:**

1. Receive Transportation Impact Fee reductions not to exceed twenty-five percent of the base fee.
2. Are not eligible for reimbursements or credits for any street improvements or repairs that are required by the City as a project condition.
3. The City Manager or his designee is authorized to determine whether a project meets the Infill criteria.

### **DOWNTOWN BUSINESS DISTRICT CREDIT**

**A reduction in the amount of Transportation Impact Fees will be provided to all Projects that meet the following criteria:**

1. The District would be bordered on the north and south by Murray and Mineral King Avenues and on the east and west by Conyer Street and the Tipton Street alignment, respectively.

#### **Projects that meet the Infill criteria:**

1. Receive Transportation Impact Fee reductions of twenty-five percent of the base fee.
2. This credit would be in addition to any "Infill Credit" given above.
