DUI Collision Causes Power Outage in NE Visalia

Around 10:20 p.m., VPD officers responded to a report of a vehicle colliding with a pole at the intersection of Douglas Avenue and Enos Street. Officers discovered a white Chevy Malibu had struck a telephone pole, severing it, and causing a power outage.

Southern California Edison is currently on-site to restore power, but advised several homes Northeast of Ben Maddox and Douglas may be without service until tomorrow afternoon

The driver, identified as 44-year-old Juan Juarez Rojas, was found to be under the influence of alcohol and has been taken into custody.
