Minor Amendment - A minor amendment added \$13,418 in remaining program funds; as result, the Eligible Use "A; Financing Mechanisms total is increased to \$141,604 in NSP funds in efforts of closing out the 2008 NSP1 grant.

Definitions and Descriptions:

(1) Definition of "blighted structure" in context of state or local law. Under the Federal Register / Vol. 73, No. 194 / Monday, October 6, 2008 / Notices, "Blighted structure", is defined as: "A structure is blighted when it exhibits objectively determinable signs of deterioration sufficient to constitute a threat to human health, safety, and public welfare." Under the City of Visalia, City Municipal Code, Chapter 15.44, Housing Standards, "Blighted Structures" may be interpreted as the definition under 15.44.020, "Housing quality standards" which reads: "means the existence of any buildings or structures which are structurally unsafe or which constitute a fire hazard or which otherwise adversely affect the health, safety or wellbeing of a human life, or which in relation to existing use constitute a hazard to safety or health or public welfare by reason of inadequate maintenance, dilapidation, obsolescence, fire or disaster damage, rodent infestation, or abandonment, as defined in Section 17920.3 of the California Health and Safety Code." Under the State of California, Health and Safety Code, Section 17920.3 reads: "Any building or portion thereof including any dwelling unit, guestroom or suite of rooms, or the premises on which the same is located, in which there exists any of the following listed conditions to an extent that

endangers the life, limb, health, property, safety, or welfare of the public or the occupants thereof shall be deemed and hereby is declared to be a substandard building". (2) Definition of "affordable rents." The City will follow the requirements of the program funding and ensure compliance with the Fair Market Rents and utilize the HOME Program Rent Limits for the NSP Program. These requirements were established at the inception of the program and required by HUD to obtain the 2008 HERA Act funding. Visalia-Porterville, CA MSA Also included are the HOME Program Rent limits for reference. HOME Rent Limits Requirement: Qualification as Affordable Housing: Rental Housing - 24 CFR 92.252 Housing is considered to be affordable if gross housing costs (gross = rent + utility) are 30% or less of a person's income. For assisted housing projects, rents are set to be affordable to households at specific levels (Very Low Income, Low Income, etc.). Rents are adjusted higher for larger units and lower for smaller units according to formulas set by the Federal government. Rent limits for assisted housing are for gross rents. The actual rents charged to tenants are calculated by subtracting utility allowances from the gross rents. It is not the City of Visalia's initial intent to purchase rental properties, however, if the market dictates the need, rental properties will be considered and the City will follow the regulation based upon funding sources. (3) Describe how the grantee will ensure continued affordability for NSP assisted housing. Upon purchasing homes at a discount rate (up to 1% discount from the appraised market value), there will be a difference in the cost and value. Also, if the property requires rehabilitation, to bring the property into compliance with State and Local laws, additional NSP funding will be invested into the property. Upon preparing for the sale of the home, the purchase price will comply with the requirements of HERA and the NSP regulations. The borrower will obtain a first mortgage, at an affordable rate and terms from a local lender. The borrower may carry a second mortgage. An affordability covenant will be placed upon the property for a period of 15 years if a borrower is unable to obtain a first mortgage the City shall act as the Beneficiary (carrying the first mortgage). The loan will be serviced and monitored through the City's loan servicing agency, AmeriNational Community Services, Inc. NSP

Low Income Targeting:

Funding was reserved to assist in purchasing properties, in areas of greatest need, and then rehabilitated, thereafter, resold to families with income not exceeding 50% of AMI. City council approved an agreement with Habitat for Humanity December 19, 2011, November 2012, November 17, 2014 and January 17, 2017 for funding to acquire foreclosed homes, rehabilitate, and resell to very low (50% ami anda below) and also above 50% to 120% AMI households.

As per recent notification by HUD regional office, the October 19, 2010 rule where 25% of PI received moving forward is to be added to the set aside, has now been revised to state that 25% of all PI from the inception of the program is to be set aside for households at or below 50% ami. The total set aside requirement as of December 31, 2012 is: \$1,293,907.28. Of this amount, both City staff and Habitat are working to acquire, rehabilitate and resell homes to households at or below 50% of the area median income.

NSP Substantial Amendment- for Public Facility (Garden Street Project):

The public facility will meet the LMMA national objective. The project will be within an NSP Targeted area, for households at or below 50% of the area median income. The facility will be used by NSP1 eligible beneficiaries. Majority if not all clients will have income certifications from the non-profit.

NSP Substantial Amendment for NW 5th Avenue Project

Five single family homes were constructed with the use of HOME funds on vacant land in an NSP areas of greatest need on NW 5th Avenue and N Court Street. On April 17, 2023, Council approved \$128,186 in NSP1 program income (approximately \$120,000 and any additional NSP program income received) to be used as First-Time Homebuyer Assistance for households at 80% of the area median income or lower to assist in the purchase of the newly constructed single family homes on NW 5th Avenue and N Court Street. This project will meet the Low-Moderate and Middle-Income (LMMH) national objective. Minor Amendment - A minor amendment was completed to include \$13,418 in remaining NSP1 program funds, bring the total to \$141,604 in NSP1 funds for LMMH project.

Acquisition and Relocation:

It is not the City's initial goal to utilize NSP funding to demolish substandard housing, however, if the market indicates that there is a higher demand and need, the city will consider this approach with revolved NSP funding.
